FIRST FINISHING TOUCHES

9.21.2022

Fall semester at Yale is in full swing! Though students only returned to campus a few weeks ago, areas of the new construction are wrapping up after many months of work. One of our first milestones is the completion of shared staff and administrative space on the 4th floor of the new Museum.

ORIGINAL DOCUMENTS
OF
THE PEABODY MUSEUM OF NATURAL HISTORY,
YALE UNIVERSITY.

MR. PEABODY'S LETTER.

NEW YORK, Oct. 22, 1866.

TO PROFESSOR JAMES D. DANA, HON. JAMES DIXON, HON. ROBERT C. WINTHROP, PROFESSOR BENJAMIN SILLIMAN, PROFESSOR GEORGE J. BRUSH, PROFESSOR OTHNIEL C. MARSH, and GEORGE PEABODY WETMORE, Esq.

GENTLEMEN :—With this letter I enclose an instrument giving to you one hundred and fifty thousand dollars (\$150,000), in trust for the foundation and maintenance of a MUSEUM OF NATURAL HISTORY, especially of the departments of Zoology, Geology, and Mineralogy, in connection with Yale College.

I some years ago expressed my intention of making a donation to this distinguished institution, and convinced as I am of the importance of the natural sciences, and of the increasing interest taken in their study, it now affords me great pleasure to aid in advancing these departments of knowledge.

The rapid advance which natural science is now making renders it necessary to provide for the future requirements of such a museum, as well as its present wants, and I trust that the portion of the fund designed for this purpose will be found sufficient.

On learning of your acceptance of this trust, and of the assent of the President and Fellows of Yale College to its conditions, I shall be prepared to pay over to you the sum I have named, and I may then have some additional suggestions to make, in regard to the general management of the trust.

Confident that under your direction this trust will be faithfully and successfully administered,

I am, with great respect, your obedient servant,
GEORGE PEABODY.
